
Digital Brolly - Complete Organizational Documentation

1. Organization Overview (Detailed Version)

1.1 Digital Brolly Basic Organization Identity

Institute Name: Digital Brolly

Organization Type: Digital Brolly operates as an AI-powered Digital Marketing Training Institute focused on delivering industry-relevant, practical, and job-oriented education in digital marketing and emerging AI technologies.

Industry Classification:

- Primary Industry: E-Learning
- Secondary Industry: Skill Development & Professional Training
- Domain Focus: Digital Marketing + Artificial Intelligence

1.2 Nature of Business

Digital Brolly is a training and skill development organization that provides: Classroom (Offline) Training, Live Online Training, Video Recordings, Practical Project-Based Learning, Internship-Based Learning Model, and Placement-Oriented Programs. Unlike traditional institutes, Digital Brolly focuses on hands-on training, where students learn by working on real-time tools, campaigns, and projects.

1.3 Core Specialization Areas

The institute specializes in the following domains: Digital Marketing, Search Engine Optimization (SEO), Google Ads (PPC Advertising), Social Media Marketing (SMM), Content Marketing, Email Marketing, Artificial Intelligence in Marketing, AI Tools for Marketing (ChatGPT, Automation Tools), Prompt Engineering, AI Content Creation, and AI-based Campaign Optimization.

1.4 Digital Brolly Establishment Timeline

This growth reflects a transition from a traditional training institute to an AI-integrated learning platform.

- **2016:** Digital Brolly was officially founded as a training initiative.
- **2017:** Brand identity established and training programs launched.
- **2018-2020:** Expansion of digital marketing curriculum and student base.
- **2021-2022:** Introduction of advanced modules and tools-based training.
- **2023-Present:** Integration of AI-powered marketing training programs.

1.5 Headquarters & Operational Location

Headquarters Location: Hyderabad, Telangana, India. Digital Brolly operates from a prime educational and commercial hub, making it easily accessible for students across the city.

1.6 Detailed Address Breakdown

Full Address: Metro Pillar No: A689, Near JNTU Metro Station, 3rd Floor, Dr Atmaram Estates, Hyder Nagar, Hyderabad - 500085.

Location Insights: Located near JNTU Metro Station ensuring easy connectivity. Situated in a highly accessible student-friendly area, surrounded by educational institutes and commercial establishments, and well-connected by public transport (Metro, buses, cabs).

1.7 Infrastructure & Learning Environment

Digital Brolly provides a professional learning environment designed for practical training, including: Smart classrooms, High-speed internet access, Live project execution setup, Tool-based learning systems, and Interactive training sessions.

1.8 Mode of Training Delivery

Digital Brolly offers flexible learning modes:

- **Offline Training:** Classroom-based sessions, Face-to-face interaction with trainers, Hands-on practical implementation.
- **Online Training:** Live instructor-led sessions, Remote access learning, Recorded sessions (in some programs).

1.9 Language Accessibility

To cater to diverse learners, training is provided in Telugu, English, and Hindi. This multi-language approach makes learning more accessible and beginner-friendly.

1.10 Organizational Positioning

Digital Brolly positions itself as: "An AI-powered, practical, and job-oriented digital marketing training institute that transforms beginners into industry-ready professionals."

1.11 Key Differentiation at Organizational Level

- Focus on AI-integrated marketing education.
- Emphasis on practical, real-time training.
- Strong placement-oriented approach.
- Multi-language training support.
- Designed for career transformation and skill development.

1.12 Target Geography

- Primary Market: Hyderabad.
- Secondary Market: Pan India (via online training).
- Future Scope: Global learners (through AI & online programs).

1.13 Organizational Goal

To build a scalable education system that bridges the gap between Traditional Education and Industry Requirements.

2. Founder Section (Ultra Detailed Documentation)

2.1 Founder Ravi Varma Basic Profile

4.6 Collaborations

- Vignan University
- Jain University

5. Internship Process (Real-Time Experience Program)

At Digital Brolly, internship is designed to make you industry-ready with real experience.

BDLP - 1 Month Internship (With Placement Assistance)

- **Type:** Real-Time Practical Internship. Goal: Build strong foundation + basic experience.
- **Tasks:** Work on Real-Time Projects (Website optimization, basic SEO, social media posting). Hands-On Tool Practice (Google Ads basics, SEO tools, content creation tools). Guided Learning (Daily mentor support, task-based system).
- **Outcome:** Understand how real digital marketing works, gain basic practical experience, ready for internships & entry-level jobs. Includes Placement Support (Resume building, Interview preparation, Job assistance), but no guarantee.

BDCP - 4 Months Internship (Job Guarantee Program)

- **Type:** Advanced Real-Time Internship. Goal: Make you job-ready with guaranteed placement.
- **Tasks:** Work on Client Projects (Handle real business clients, work on live campaigns). Run Paid Campaigns (Google Ads setup, budget management, performance optimization). Social Media Handling (Manage accounts, content planning, growth strategies). Advanced Tool Usage (50+ marketing tools, Automation, AI tools).
- **Outcome:** Real client handling experience, confident in interviews, 100% job-ready.
- **Job Guarantee Program:** Includes dedicated placement support, mock interviews, direct job opportunities, and a Placement Guarantee.

Key Difference Between Internships (BDLP vs BDCP)

- **BDLP:** 1-Month duration, Beginner level, involves Basic Projects, provides Placement Assistance, results in being Entry-Level Ready. Best if your goal is just learning.
- **BDCP:** 4-Month duration, Advanced level, involves Client Projects, provides a Placement Guarantee, results in being fully Job-Ready. Best if your goal is a job with confidence.

6. Certifications & Placement Process

6.1 Certifications Included

- **Google Certifications:** Fundamentals of Digital Marketing, Google Ads, Analytics.
